## DESTINATION GOTLAND

Our traditional Å-Line skate trip is very special this summer as we skate in Gotland, one of the islands in Sweden. We skate the island around in four days. We gather in Visby on Monday 13<sup>th</sup> July and start the skating journey the following day. We arrive back in Visby on Friday 17<sup>th</sup> July. We have a small farewell party on the same day.

We skate about 280 km during those four days, but there is also a chance to skate some bonus distances. The service car takes care of the luggage and offers drinks and some snacks during skating.

You are welcome to join if you are able to break and skate the daily distances at around 20km/hour. There is room for 30 people.

There are three optional places to join the trip; Turku, Stockholm or Visby. In case you join us in Turku or Stockholm, we collect the registration fee + ferry fee+ service car fee beforehand. If you decide to join us in Gotland, book your ferries / flights at the same time you are registering.

The registration fee is up to the amount of the participants, but varies between 166-254 euro. The price includes the services during skating and accommodation in Visby (2 nights). The final price is clear after the final registration.

(Price is calculated with currency 1 euro = 10,30 kronor). Additionally, the rest of the accommodation (3nights) will be paid on the spot, and the price per night is about 37 euro (=380 kronor). Participants should reserve some money for refreshments and meals, too.

In order to be able to participate, you need to be a member of TuUL skating club. You can join by paying the annual fee 20 e (the membership does not bind you in any ways).

Registration by 10<sup>th</sup> May 2009
